C. CHATTERTON DIES IN FRANCE

Letter From Lieut. Stapleton Tells Of Death Of Former Rhinelander Boy

In a letter from France from Lieut. Grover Stapleton to Ray Stosen of Bruce, mention is made of the death of Charles E. Chatterton, youngest son of Mr. and Mrs. C. C. Chatterton, at one time prominent residents of Rhinelander. The family moved to the west many years ago. Charles was born in this city and will be remembered by old residents.

Lieut. Stapleton's letter is in part as follows:

Saturday Eve, Feb. 23, 1918.

Dear Friend Ray:—

I am here at last Ray, yes, I am going to feel like an old resident.

I finished a three weeks course studying automatic rifles of all types, and am now studying grenades, and will complete that course in another week.

When I moved in here a week ago I found my bunkie was none other than our fellow townsman, Don Vaughan. He is taking another course, but we enjoy talking about Rhinelander and its people.

Also met Sam Dalton here about two weeks ago and have since received a letter from him. Noticed in the casualty list of last week the name of Chas. E. Chatterton, a former Rhinelander boy. He died while not in action. As yet I haven't heard anything about John Schafer, another Rhinelander boy.

The work is very interesting. Besides the work, the people and the country and everything here is worthy of continuous study. All of us pick up sufficient French to get a square meal, and every Frenchman has an English dictionary, so we get along very nicely. It is quite a common sight to see a couple of Frenchmen and a couple of American soldiers walking along arm in arm. Of course, the Americans have lots of money, that is, comparatively, and spend it freely.

Some of the fellows are ordered to the front for observation and study, and they come back with great stories, and as a result we are all anxious to go up.

Of course, we all have our little spells of homesickness, but the morale of the fellows, as a general rule, is very high. Some fellow will come in after a hard day and say, "Who in h— cares whether we call this war off," or some such remark as that, and then the argument starts as to when the war will end and how, etc.

Today we were the object of a review by Gen. Wood. Gen. Pershing hasn't showed up, but I imagine he will pay us a personal visit one of these days.

There is one movie show in this town and it is crowded with Americans whenever it is open, and the pictures of the old U. S. A. is the cause of many a fellow being homesick.

Well, Ray, if you get time between customers to drop me a line, I will appreciate it.

Your distant friend,

YES, "THEM WAS HAPPY DAYS"

Twelve years ago this month Spafford & Cole, at that time the leading mercantile firm in Rhinelander, advertised fancy New London creamery butter at 20 cents per pound and choice dairy butter at 15 cents per pound. The ad appeared in The New North for three issues.

Another Rhinelander store advertiser's select hams at 16 cents per pound.

Compare these prices with those of the present time. Surely, "them was the happy days."

WAS IN RUSSIA NINE MONTHS

Mrs. H. Russell of New York City, formerly Miss Ethel Annis, who is visiting her mother, Mrs. L. Annis, has recently returned from Russia, where she spent nine months with her husband, who was Russian representative for the Studebaker corporation. Altogether the Russells were two years in Europe.

Mrs. Russell was in Russia at the time of the revolution and she and her husband had several interesting experiences, which she relates in an entertaining manner. She says that conditions in some parts of the country are pitiable with terrible suffering among the people. She has deep sympathy for the Russians, whom she found on the whole friendly and hospitable.

Mrs. Russell makes no claim to being a public speaker but no doubt she could hold a large audience with her story of the Russian turmoil from personal observation.

CLINTONVILLE IS BONE DRY TOWN

Clintonville, the home of the famous Four Wheel Drive, is now a bone dry town due to orders from Uncle Sam. The government has at that city a camp of soldiers who are studying the workings of the Four Wheel Drive car. Saturday morning Captain Hastings was notified to order all saloons within a radius of five miles closed at noon that day. Saloon men promptly obeyed the order and at noon every saloon was closed.

The order came as a great surprise to most of the inhabitants of the city, although it was known to some that such an order might be forthcoming at any time.

The city has not yet had an opportunity to adjust itself to the new situation so it is not known what effect it will have on the city.

WEISANG MAKES SECOND ESCAPE

Joseph Weisang, alleged counterfeiter who escaped from the Langlade county jail two weeks ago and was recaptured in Woodruff, made a sensational escape from a North-western train in Manitowoc Tuesday morning and according to last accounts was still at large.

Weisang was handcuffed with a fellow prisoner in charge of Deputy Marshal McCormick of Milwaukee at Antigo, to be taken to Manitowoc and on the way to Manitowoc the two men succeeded in filing the links of the handcuffs and separating themselves.

When the train arrived in Manitowoc, Weisang made a rush from the door of the coach, crawled under the car and fled, making his escape before a chase could be given.

The other man is locked up at the Manitowoc county jail and Deputy McCormick with a deputy sheriff from Shawano county and the Manitowoc police are searching the country for Weisang.

DRY CAMPAIGN IN COUNTY TOWNS

Dry campaigns are being waged in three Oneida county towns adjacent to the city of Rhinelander. They are Pelican, Crescent and Pine Lake. Monico and Cassian people will also vote on the wet and dry issue.

Dry leaders express confidence that no license will carry in these towns. The campaign in some localities has waxed warm and it is expected that a large vote will be polled.

SAVES BABE FROM INSANE FATHER

Nine Year Old Dale Bloom Shows Bravery In Minneapolis

Dale Bloom, nine year old son of Mr. and Mrs. Fred Bloom 2745 Buchanan street, N. E. Minneapolis, and formerly a resident of Rhinelander, was Friday evening called to the home of a neighbor to attend a baby while the woman went to a telephone nearby to summon a physician for her brother, who was sick. While she was gone the man suddenly went insane and proceeded to break up the dishes, furniture and everything breakable with which he came in contact.

Master Dale could escape himself by dodging the man and going out of the door, but he could not take the babe with him. Rather than desert the baby left in his care he stayed and took his chances. He piled such articles of furniture as was available around him and the baby for their protection until help arrived, consisting of the police patrol and a physician. The physician pronounced the man insane, caused by a pressure on the brain, and it required four men, including two policemen, to put the man into the patrol and keep him there until they arrived at the police station. It will be seen that the position of the boy was one to try the courage of a person of more advanced years.

SOL. SUTLIFF IS NEW CANDIDATE FOR MAYOR

A surprise was given the people of Rhinelander today. Sol D. Sutliff consented to qualify for Mayor in case the people of Rhinelander saw fit to elect him by writing his name on the ballot. Mr. Sutliff did not file nomination papers and personally will make no campaign, but at the request of a large number of citizens consented to allow his name to be used. Mr. Sutliff is a well known business man of the highest type and has never mixed in politics in any way and therefore represents a class of man not usually available for city office.

Mr. Sutliff has lived in Rhinelander for a great number of years, during which time he has helped to develop Rhinelander by building houses and many other similar enterprises. He is well known and liked. In order to vote for Mr. Sutliff the voter would be required to write in his name and place a cross after it. This is an unusual manner of voting for a mayor, and because of this and the character of Mr. Sutliff the result will be watched with interest by other cities of Wisconsin. Mr. Sutliff is an excellent business man. If these same methods were applied to public office, we would have a fine city administration.

ONEIDA'S QUOTA MAY BE \$200,000 IN LOAN DRIVE.

Oneida county's quota for the third Liberty loan bond sale is not known here at the present time, according to Mr. E. O. Brown, campaign chairman. Mr. Brown stated today that he had not been informed officially regarding the amount which Oneida county people will be called upon to subscribe, but was of the opinion that it will be about the same as the last loan, \$200,000. The bond sale drive will begin Friday, April 6.

The third Liberty Loan will total \$3,000,000,000 and pay 4 1/2 per cent. Secretary of the Treasury W. G. McAdoo Monday made this announcement after a conference with Chairman Claude Kitchin of the House ways and means committee.

His decision came as a distinct surprise, the amount and the interest

PUT IN COAL AT EARLY DATE

Plans for the distribution of coal for 1918 are announced by the United States fuel administration, effective in Rhinelander and elsewhere.

Purchase of coal and coke for domestic requirements for next winter is urged as soon as possible after April 1. A reduction of 30 cents a ton in anthracite is to be made on April 1. It will be effective until September 1, when the price will be advanced 30 cents.

Each retailer must deliver to a customer only his normal requirements and must make report to the County Fuel Administration. A person who makes a false statement of his coal requirements, and thereby gets more than his fair allotment, not only runs the risk of losing the surplus by confiscation, but may be fined \$5,000 and be imprisoned for two years.

Carload lots may not be purchased by a single domestic consumer or group of consumers without the permission of the County Fuel Administration.

In case of a scarcity of coal dealers are to fill all orders of six tons or less, and larger consumers will receive their proportion based on the total requirements and the total supply.

Mrs. Louis Kelly and little son came home this week from Elcho where they spent the winter at Mr. Kelly's camp.

POSTMASTER FOR OVER 40 YEARS

George Somers, of the Soo line office here, has returned from his boyhood home in Norway Ridge, Wis., where he was called by the death of his father, Henry Somers.

Mr. Somers was said to be the oldest postmaster in point of service in Wisconsin. For forty years he was in charge of the postoffice in Norway Ridge. He was a well known manufacturer of cranberry barrels, an industry which he followed for forty-five years. In the political life of Monroe county he was an influential figure.

Mr. Somers was 60 years of age and is survived by his wife, two daughters and two sons. He was a prominent member of the Masonic fraternity and also a member of the M. W. A. and Woodmen of the World.

WHEAT RATION IS CUT BY HOOVER

America is determined to answer the allies' cry for bread. Every American is called to greater sacrifices that the stream of food may be kept flowing and our allies saved from famine.

Food Administrator Hoover has appealed to all to cut in half the per capita consumption of wheat bread.

In asking every person to restrict himself to one and one-half pounds of wheat products a week, Hoover pleaded patient and loyal sacrifice during the critical months ahead when even more drastic steps may be necessary. Bakers were ordered to increase to 25 per cent the wheat substitutes in bread. Prospects of greater substitution are ahead, it was said.

Added to the gravity of the situation is an alarming drop in marketing of wheat, following adoption of the Gore amendment fixing a price of \$2.50 for wheat. Upsetting all plans of the food administration, passage of this amendment has led farmers to hold wheat for the higher price. Market receipts have dropped 8,000,000 bushels to 3,000,000 bushels, a month since talk of a higher wheat price began. Serious complications are threatened, among them possibility of farmers planting wheat exclusively instead of the corn and thereby cutting off feed for hogs, leading to a meat famine next year.

So delicate is the world food situation, according to food experts, that the least bungling may totally upset conditions and cause disaster in the tremendous job of feeding the allied world.

Summarized, Hoover's new demands are:

1. Maximum consumption of wheat products to be one-half pounds per week per person.
 2. Public eating places and clubs to limit each guest to a total of two ounces per meal of breadstuffs, cereals, pastry and war wheat products combined. Customary wheatless Mondays and Wednesdays to be continued.
 3. Retailers to limit flour sales to towns customers to one-eighth of a barrel, country customers to quarter of a barrel at any one purchase and equal weight of other cereals to accompany sale.
 4. Bakers to deliver three-quarter pound loaf where one pound loaf is being sold. Bakers to restrict wheat flour purchases to 70 per cent of average monthly purchase.
 5. Manufacture of wheat products for non-food purposes to cease entirely.
- Voluntary co-operation of the public is relied on wholly in effecting these regulations.

TWO FIRES ON ONE CALL

Hose Company No. 1 extinguished two small fires on one call Tuesday. Sparks from a burning chimney at the Martinson store on N. Brown street ignited the roof of Paul Philles's residence nearby. In short order the firemen had both fires subdued. Slight damage.

Mrs. P. H. Flatley was in Milwaukee the forepart of the week visiting her sister, Miss Mae Mahoney. While there she attended the concert by Gallicucci.

ROAD MEN WILL MEET IN CITY

F. M. Seargent Plans School Here For April 15 And 16

F. M. Seargent, divisional highway engineer of this division, will, on April 15 and 16 conduct a road school in this city for the counties of Langlade, Lincoln, Forest, Florence, Price, Vilas and Oneida. The sessions will be held in the court house.

All foremen, roller men, contractors and committeemen are requested to be present at this school. All patrolmen for this division are required to be present to discuss maintenance propositions for the ensuing year.

J. T. Donahay, maintenance engineer of the state highway commission, will be present and address the road men.

MAY NOT VOTE ON SHERIFFS

A proposal has been submitted to the national and the various State Councils of Defense, and is being considered by them, to order that no elections for sheriff be held anywhere in the country this year and that the present incumbents hold over until the end of the war, or at least another two years.

The reason given is necessity for retaining them on the exemption boards. Under organizations of the exemption boards the sheriff is chairman and is required to give a great deal of his time to the exemption and draft board work. In most states sheriffs may be candidates for re-election, and in such states defeat is said to be staring them in the face because of the enemies they have made in the faithful execution of their exemption board duties. In all counties they have become familiar with the work and to make a change, it is maintained, would tend to disrupt the organization.

Notice of Judicial and Special Congressional Election

Office of County Clerk.
March 28, 1918.

To the Electors of Oneida
County:
Notice is hereby given that a Judicial and Special Congressional election is to be held in the several towns, wards, villages and election precincts in the county of Oneida, on the 2nd day of April, 1918, at which the officers named below are to be chosen.

The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office and under the appropriate party or other designation, each in its proper column together with the question submitted to a vote, in the sample ballot below.

The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all shall be issued to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter.

After it is marked it should be folded so that the inside cannot be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place.

A voter, who declares to the presiding officer that he is unable to read or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking same to be chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion, as to such person's ability.

The following is a facsimile of the official ballot:

INFORMATION TO VOTERS

The following instructions are given for the information and guidance of voters;

A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for.

If a voter wishes to vote for all the candidates nominated by any party he shall make a cross or other mark under the party designation printed at the top of the ballot in the circle made for that purpose. A ballot so marked and having no other marks will be counted for all the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased or a name shall be written in or a cross mark be placed in the square at the right of the name or names of candidates in another column. If the voter does not wish to vote for all the candidates nominated by one party, he shall mark his ballot by making a

FINAL GAME IS VICTORY FOR R.H.S.

The basket ball season at the Rhinelander high school is now of the past. The warriors representing the green and white played their final game with the Edgar highs at that town Friday night. Rhinelander copped off the rosey end of the score which was 25 to 13. This was the second meeting of the two teams this season, the first game also resulting in a victory for Rhinelander.

HIGHWAY SYSTEM CHANGES IN STATE

(Contributed)

Many changes will be necessary in townships in Wisconsin in handling the township roads as a result of the operations of the State Trunk Highway Act.

Under the terms of that act on May 1st a system of patrol maintenance will be placed on the 5,000 miles of State Trunk Highways, the work to be done by the counties under state supervision. Where a county is operating under the county unit under the State Aid Law, and most of the counties in northern Wisconsin are, they will not be affected. Counties operating under the town and county will be affected, inasmuch as a considerable mileage of road heretofore maintained by the townships are on the State Trunk Highway system and their maintenance will be taken out of the hands of the town boards.

Practically all the townships in Wisconsin are operating under the road district system. In some cases a road district may be eliminated entirely through the fact that the road in the district is entirely on the State Trunk Highway system. In other cases parts of such roads will be eliminated. This will result in many of the townships being compelled to change their road district system.

This change has led to discussion in many townships of a plan to eliminate the town road district system entirely and place all the town road work in charge of a town

road superintendent and spend the road taxes where most needed in the township and not limit the expenditures to the district where they are raised.

The road district, pathmaster, pay-your-road-tax-in-labor-system is fast wiped out. The eastern states have abandoned it. Illinois has abandoned it and placed town roads in the hands of a single township highway commissioner. Iowa and Minnesota have practically done the same thing. In these states the town board acts as a general board of control over the work and places the work directly in charge of a town road overseer or superintendent. In every instance where this has been done there has been vast improvement, with the expenditure of even less money. Pewaukee township, Waukesha county went on this system in 1917 and the town board is enthusiastic. They report that they have accomplished twice as much road work with the same expenditure of money. Lake township, Milwaukee county, reports fifty per cent better results with 33 per cent less expenditure. Here is the plan as it is being operated.

Wipe out the road districts in townships as far as making the road taxes collectable in the districts, expendable in the same district. Elect one town road superintendent by the town board, to be paid sufficient salary and to give his whole time to the work. Empower this superintendent to appoint road foremen (not to exceed four) to be paid in cash.

Publication by the township road superintendent before each annual town meeting of a printed leaflet showing the funds set aside for

highway work the preceding year, the places of expenditure and the cost and amount of each piece of work. This leaflet should also contain recommendations for the succeeding year, the amount required for each item, etc.

Provisions for compulsory dragging of the main town roads as fast as they are placed in condition.

In most states under this system the term of office of members of town boards has been made three years instead of one, electing one new member each year.

The above plan wherever tried has been found to be an unqualified success and has resulted in more business like methods, better roads and a nearer approach to a dollars worth of road for every dollar spent.

SHOW GAS MASK

Have you ever seen a genuine regulation gas mask, such as worn by Uncle Sam's boys in the trenches? Well, if you wish to have your curiosity satisfied, just glance in the display window of Urbank & Nick's furniture store at 135 S. Brown St., and you will see the real article.

This mask was formerly used by a soldier in France and was sent to Mr. Nick by a relative in the service.

PARSON WEDGE HAS THE PUNCH

With It He Floors Camp Grant Boxers And Also Helps Lick The Devil

Parson Wedge leaned on the ropes, both arms spread eagled along the top one, and wrinkled up his forehead.

He was refereeing bouts at the 31st regiment. "Y" at Camp Grant and there was a minute to spare while two perspiring, panting soldiers crawled out to the dressing room and two others, eyes shining and muscles tensed, climbed into the ring.

"Men," he said, "I'm right at home up here but I don't want you to get the idea that refereeing, sparring around and helping get you men ready to whip the kaiser, is all I got to do. Sunday mornings I hold a fighting men's class right here in this room. If you got any yellow in you, you can't belong. Those who think that they can qualify better drop in about 10 o'clock and I'll show 'em how to lick the devil."

The little hall was crammed with "Wisconsin Eagles," who had come for the boxing. They had seen some and were waiting for more but they gave the parson as big a hand as they gave the last bout.

They knew that the parson used to be as bad as any of them and worse than most of them, and that he was the terror of Wisconsin and Minnesota lumber camps and that is some terror, before he licked the devil and the devil stayed licked. While he talked he was still sweating from an exhibition bout with Private Greeley of the quartermaster corps, who used to be Bob Moha's sparring partner. In the mixing Greeley don't show much respect for the clergy, mopping the ministerial with frequency. The men saw the old "Kid" Wedge in action and they liked him.

Parson Wedge has the confidence of the men to a remarkable degree. He harmonizes fighting and religion with extraordinary success. In the army it is the religion which must do the harmonizing and the "Parson" is one of the few workers who gets away with it big. He applies Marquis of Queensbury rules to religion and drives them home with a real punch. It is his theory, that after all, the Ten Commandments and the Golden Rule boiled down mean simply, "don't hit below the belt."—Rockford Register-Gazette.

DON'T KILL YOUR HENS

Every hen which is sold before May 1 represents a food loss to the nation of about 30 eggs, says W. F. Priebe of the U. S. Food Administration.

Farmers are urged not to kill their poultry, even if it is expensive to feed them with grain at present levels.

"To us the killing of hens just before and during the heavy spring lay is a wasteful practice—just as wasteful as the killing of fresh milk cows for beef; and we are appealing to the farmers from a patriotic standpoint not to sell these hens while laying freely," he says.

"The total loss of eggs represented by the customary selling of hens between February 1 and May 1, amounts to about 150,000,000 eggs."

How to Make Oatmeal Bread

Healthful to Eat—Saves the Wheat

1 cup flour	1 cup cooked oatmeal or rolled oats
1 1/2 cups corn meal	2 tablespoons shortening
1 teaspoon salt	1 1/2 cups milk
5 teaspoons Royal Baking Powder	No eggs
2 tablespoons sugar	

Sift together flour, corn meal, salt, baking powder and sugar. Add oatmeal, melted shortening and milk. Bake in greased shallow pan in moderate oven 40 to 45 minutes.

This wholesome bread is easily and quickly made with the aid of

POOR MR. M'ADOO

Poor Mr. McAdoo!

Think of the jobs he's hitched up to—

The treasury, the railroad crew, The income tax and then a few.

Each week they hand him something new,

To tax his time and temper, too. He has to know when loans are due

What source to get his billions thru, What fund to pass each dollar to.

Which tax is what, and who is who, What bonds to sell and what re-

new. Which "trust" to coax and which to sue,

He stretches out each day to do, The job would flounder me or you

But it's a cinch for McAdoo! —Philadelphia Ledger.

For the cause that lacks assistance;
For the wrong that needs resistance;
For the future in the distance
And the good that we can do."

The votes on the United States Senator at the primaries surely indicate Lenroot or Berger, and we prefer Lenroot.

With the primary over every voter in Wisconsin especially every republican voter should support Irvine L. Lenroot for the U. S. Senate next Tuesday at the polls. He represents the best of American thought in the time of this awful war. He is a true American, he is a progressive, he is a republican He has had an experience that best fits him for the office.

James Thompson of LaCrosse admits his defeat at the primaries and comes out squarely for Lenroot for U. S. Senate. He says, "I cheerfully abide by the result and will loyally support the nominee of my party Congressman Lenroot for election April 2nd."

Mr. Thompson is not like the war profiteers who vote for the party that best suits their ends and fills their pocket books fullest.

The election at the senatorial primaries March 19th, gives a total republican vote of 143,958, of which Lenroot received 73,186, Thompson 70,772, giving Lenroot a majority of 2,414. The democrats received a total vote of 71,066 of which Mr. Davies received 57,282 and Mr. McCarthy 13,784, giving Davies a majority of 43,598 over McCarthy. Victor L. Berger, the socialist, received 33,561. This shows a republican vote over twice that of the democrats and nearly four times that of the socialists. If any man is to drop out fearing Victor Berger's vote, is it not Mr. Davies' duty? Surely we do not expect the tail to wag the dog.

These are the times when a certain type of fellow assumes that he has a great bulk of the patriotism of his community. He talks loud and the superficial, not being inclined to analysis of questions, takes this demagogue at his word and not at his face value. If any man has his own views on public and political questions this same demagogue tries to stir up his followers to try the mob law on him. This type of fellow has always existed and, we presume, always will, but the public should beware of him. At this time of war in the role he plays, he is more dangerous to true democracy than the worst traitor. Whenever a man poses as having more loyalty than his neighbors, analyze his words and his motives, and you will not be drawn into rash judgments or rash deeds.

NO TIME FOR POLITICS

These are not times for the President of the United States to interfere with the politics of the various states. If the representatives in Congress do all in their power to aid and support him in carrying out his policies that is all he should ask. Mr. Wilson admits that Mr. Lenroot has not only always voted with him since the war began, but he says congressman Lenroot has had much to do with bringing republicans of congress over to the support of the President's measures. Still the president tries to play party politics in this senatorial fight, which not only must necessarily weaken the respect for him in Wisconsin but must take his attention from more important undertakings.

Of course, we know the President is a born Democrat born in Virginia, but it is a poor time in his still important position to try to be partisan.

He is praying to Wisconsin people what republicans say of him that he picks partisans irrespective of the qualifications of the men he selects.

PHILIPP FOR LENROOT

Gov. E. L. Philipp entered the campaign in aid of the election of Irvine L. Lenroot for United States Senator before a large audience at Lake Geneva Monday night. The governor spoke of Wisconsin's position in the war, what it had accomplished and its readiness to meet any demands the nation might ask in its war emergency.

The governor, in part, spoke as follows:

"The question is asked all over this country: 'What is the matter with Wisconsin? Our reply is that no state in the Union has spoken more strongly than the state of Wisconsin in its

support of the war. If the enemies of the state of Wisconsin both within and without wish to deny this statement I want them to answer the question. What state has done more? And I will reply with the names of forty states that have done less.

"The question is. What constitutes real loyal support of the government under these trying times? Is it mere words from the lips that daily vilify our people for political purposes or, is it great and genuine contributions to the nation's necessities?

"The trouble with Wisconsin is that loyalty has been capitalized for political purposes and the cry of disloyalty is inspired by political interests.

BEFORE THE WAR

Some of our democratic friends by dint of combing Mr. Lenroot's record before we were at war with Germany have made the discovery that Mr. Lenroot favored the McLenore resolution, the principle of which Mr. Wilson himself had at one time favored, and which proposed to warn Americans against traveling on a certain class of foreign ships upon which their legal right to travel was, as Mr. Wilson through his state secretary, had declared "doubtful."

Now that was before we were at war with Germany and at a time when the president was leaving no stone unturned to "keep us out of the war."

These same democratic assailants of Mr. Lenroot and impugners of republican patriotism are very severe with Senator LaFollette for stating in his magazine that we are in this war with Germany "without any special grievance of our own."

We certainly held no brief for Mr. LaFollette.

But do these censorious gentlemen imagine that the senator was the originator of that phrase? Well, he was not. It's originator was—Woodrow Wilson.

We suppose no sane person would impeach the upstanding and unflinching Americanism of President Wilson. But for all that, if Mr. Lenroot were chargeable with half the pacifistic and unwarlike phrases and positions before the war which in a pettifoggish spirit could be cited in the case of Mr. Wilson what a dreadful hullabaloo these same campaign claqueurs of Mr. Davies would be raising over it!—Milwaukee Sentinel.

CROWNHART FOR JUSTICE

We stand squarely for Charles H. Crownhart for Justice of the Supreme Court at the April 2nd election.

Mr. Crownhart is a good lawyer and has had much experience which fits him for the judicial position. He was appointed by Governor McGovern a member of the Industrial Commission of Wisconsin in 1911 and was elected its first chairman which position he held until August 1915.

In this position he satisfied both employers and employed and petitions were signed by both sides for his re-appointment but Governor Philipp refused to re-appoint him.

We believe the Supreme Court needs a man of Mr. Crownhart's democratic tendencies to help liberalize the court and deal out even handed justice. Mr. Crownhart is no technical lawyer. He looks straight to the right of the case and avoids all legal sophistry.

Superior was Mr. Crownhart's home town. The Superior Telegram of March 12th says:

"Charles H. Crownhart, for more than twenty years a resident of Superior, is a candidate for the office of Justice of the Supreme Court of Wisconsin.

"An intimate acquaintance with Mr. Crownhart cannot but convince one of his eminent fitness for the judgeship. He gets the point of view of the man on the farm, in the shop and in the mine. He knows their problems not merely from study but from living the part. In sympathy in training, in spirit he is actually one of them.

LET THE PEOPLE KNOW

The failure of the airplane construction as planned by the democratic administration months ago, was aired in the U. S. senate Tuesday. It was shown that our boys are on the battle line in France with no planes to protect them from the German planes. It was stated that German planes fly over our trenches so low that our soldiers shoot at them with pistols. An effort was made to keep these facts from the public but the suggestion was not taken kindly by the senators.

Senator Lodge says:

"In this dark hour it is a crime to keep from the American people facts well known to our enemies, but about which our own citizens are misinformed."

He said:

"This idea which some persons

seem to have that all that is necessary is to appropriate money and utter brave words in order to end the war is one of the worst delusions which ever tempted a people to destruction.

"The facts I have recited in regard to aeroplanes are known to Germany. "It is time our people understood them."

This same showing regarding aeroplanes is equally applicable to the failure in the manufacture of guns and the construction of ships.

However, the administration is not so busy but that it has plenty of time to play petty partisan politics in Wisconsin regarding the election of a U. S. Senator.

LENROOT

A telegram was received from Washington the first of the week representing all factions of the republican party appealing to the voters of Wisconsin to support the candidacy of Irvine L. Lenroot for a seat in the Senate of the United States. One of the big shots delivered in Lenroot's behalf was a letter by Congressman Kent of California, a recognized leader of progressive political thought, who said:

"Irvine Lenroot is, in my opinion, the strongest, sanest man in either house of congress.

"Whenever the president has desired help in constructive legislation affecting the public domain, he has necessarily looked to Lenroot to play the leading part.

"It was Lenroot who had most to do with Alaska coal and with saving the naval reserve oil lands; and latest with the action in the house, concerning the so-called administration water power bill.

"He has never been called upon by the administration for worthy service he has not given the best he had in him. He has always helped and has never been guilty of party nagging.

"Aspersions against his loyalty, from whatever source, are false and unjust and cruel. He voted as I voted, against tabling an utterly fool measure, the McLenore resolution, until it could be amended and voted upon or voted down by the house with reason and self-respect. He has never cast an obstructive vote. If he is disloyal, I must be counted with him. There is no man in American public life at whose side I am more anxious to stand, because he is right, because he is brave, and because he never mistakes partisan ship for patriotism.

"He takes his orders from a clear mind and a clean conscience.

Chestnuts to Aid War.

British children all over the country wherever the chestnut tree grows are gathering horse chestnuts as told in the Christian Science Monitor. It is their particular contribution to the winning of the war, for ripe horse chestnuts have been discovered to provide a good substitute for the grain which is used in the making of munitions. It will be quite valuable service, for the computation is that every ton of chestnuts will save half a ton of grain. The gathering is organized by committees in connection with the schools, and woods and lanes see bands of young patriots enjoying their "war work" hugely.

Vermont Increases Food.

The hope that the appeal for the production of more food might result in some increase of wheat-growing in the East has been justified in Vermont. It is estimated that 81,000 bushels of wheat were grown this year, against 25,000 bushels last year. The Vermonters have also done well along other lines, for the estimated yield of corn, wheat, oats, barley and potatoes in 1917 is 10,698,000 bushels, compared with 7,547,000 bushels in 1916.

Little Skeptic.

Caroline and Tom were five and two years old. An expedition to a park had been planned when father brought home to Tom a picture book of wild beasts. Caroline was delighted. "Because, mamma, if we did not show pictures of the animals first to Tom he might see them in the park and say 'I don't believe.'"

Cleaning Tea Kettle.

To make tea kettles wear twice as long gather a handful of pebbles (size of a walnut), wash nicely and put in tea kettle. The rolling around of pebbles keeps the crust that forms loose, and it easily shakes out from time to time, thus saving the wear of the kettle.

That's About All.

Pandora was an extraordinary creature. Every young woman is. She will still, however, a young woman—that is to say, a mixture of timidity and boldness, of prudery and shamelessness, of divine kindness and cold cruelty of youthfulness, and especially of profound knowledge and abysmal ignorance.—Exchange.

With the Sages.

A hero is he who taking both reputation and life in his hands, will with perfect urbanity, dare the gibbet and the mob, by the absolute truth of his speech and rectitude of his behavior. —Edgerton.

The KITCHEN CABINET

The character of all work depends upon the intelligence of the person who performs it.

POPULAR DISHES.

The following dishes never lose their prestige, as they are choice and deserve their popularity:

Chop Suey.—Cut tender, lean pork and chicken, one or both, into very thin pieces an inch and a half in length and a half inch wide. Saute these in fresh pork fat, have ready an equal amount of celery, cut fine, an onion cut in bits, add the vegetables to the meat, cover the whole with chicken, veal broth or boiling water and simmer until tender. Then add a few peeled mushrooms, as few or many as taste or convenience pleases, which should be cooked in a little fat before adding to the mixture. For a quart of the mixture stir in a tablespoonful of corn starch mixed with cold water, then add to the hot mixture. Continue stirring until the mixture boils, then add one or two tablespoonfuls of dark molasses, a teaspoonful of salt and a tablespoonful of china soy. The soy gives it the color and characteristic flavor. A substitute may be made for it by using a tablespoonful of kitchen bouquet and a little Worcestershire sauce.

Nesselrode Pudding.—Cook twenty large chestnuts or double the number of the smaller ones, in sugar syrup until tender. Cut six of the nuts in small pieces, the rest put through a sieve. Cook two tablespoonfuls each of currants and sultana raisins in the syrup until tender, then add the same amount of preserved pineapple and cherries or other fruit, to the pieces of chestnut and let them cool in the syrup. Cook the beaten yolks of four eggs, mixed with three-fourths of a cup of sugar in a pint of thin cream, cook until the mixture coats the spoon. Add the sifted chestnuts and pass the whole through a fine sieve. Cool and partly freeze, then add a cupful of whipped cream and finish freezing, add the fruit and nuts drained from the syrup and pack in a mold. Press the cover in place over a piece of wrapping paper and let stand in ice and salt an hour. Serve with whipped cream sweetened and flavored with fruit juice or with the following:

Asparagus lightly fried in a little chicken fat is another dish worth keeping in mind.

THE CITY IN BRIEF

Mrs. A. Post is visiting in Minneapolis.

Rolly Hagan was here from Woodruff today.

R. J. McIntosh made a business trip to Goodnow Monday.

Miss Laura Kleinschmidt will spend Easter with relatives in Wausau.

The Busy Sewing club met Wednesday afternoon with Mrs. Geo. Hintz.

Shoes at factory prices. 98c to \$1.25. At Whittier's Store.—"The Barefoot Boy."

J. N. Manson of Wausau was in the city this week a guest at the home of Fay Marshall.

Mrs. Axel Lindgren is visiting her daughter, Miss Ingeborg, who attends Milwaukee normal.

The Oneida orchestra has been engaged to furnish music at the annual Easter dance in Woodruff.

Invitations are out for a dancing party at the Guild Hall, April 4. Music by Oneida orchestra.

The Oneida orchestra will give a special Easter program at the Oneida Hotel Sunday evening from 6 to 8.

New lot of Ladies' Waists just arrived. Priced from \$1.00 to \$5.00. At Whittier's Store.—"The Barefoot Boy."

Mrs. A. R. Mangerson and two children returned Wednesday from a week's visit in Bear Creek and Seymour.

Miss Lillian Anderson is spending her vacation with Three Lakes relatives.

Ben Torgeson of the Hallmark Store, is in Minneapolis visiting with a brother from Dakota who is on his way to army service.

Mrs. Hicks of Clairmont, Minn., is the guest of her daughter, Mrs. G. W. Everts.

In the north side items last issue, it was stated that Mrs. Katherine Ruggles entertained the Wednesday Club. This was an error. The club was entertained by Mrs. Bouffon.

Christ Anderson and family who spent the winter at Boulder Junction, have returned to Rhinelander for a month's stay after which they will go back to Boulder for the summer. Mr. Anderson is employed in Joe Mayo's camp.

Joe Mayo came down from Boulder Junction this week where he has been in charge of one of the Brooks & Ross Lumber company's big camps. He had a successful winter. Mr. Mayo is one of northern Wisconsin's best known and capable woods foreman.

For the last week E. J. Quist of the Gary & Danielson store has been in an unusually jovial mood—his friends say the brand of cigars, which he is distributing, is the very best. This is all due to the fact that a new baby girl now reigns supreme in his household. The little lady has been christened Phoebe Ann.

New consignment of Misses' and Children's Coats just in at Whittier's Store.—"The Barefoot Boy."

Reports from the bedside of Mrs. Carl Krueger, who is ill in an Oshkosh hospital, indicate an improvement in her condition. Mr. Krueger and daughter, Miss Mabel, were hurriedly summoned to Oshkosh last Friday by a telegram stating that Mrs. Krueger's illness had reached an alarming stage. The fact that she is improving is good news to her many friends in Rhinelander who hope for her speedy and permanent recovery.

MIDNIGHT APRIL 1 CLOCKS GO AHEAD

First Important Effect Here Will Be Opening Polls An Hour Earlier

At midnight between March 31 and April 1, or Sunday night of next week, all clocks are to be pushed forward an hour.

It is the law. Congress has passed, and the president has signed, the bill providing for the change. The clocks are to run on that basis until November 1 when they will return to the old rule.

One of the most interesting immediate effects is that the polls will open an hour earlier. The law provides that in cities in Wisconsin the polls are to open from 6 a. m. to 8 p. m. and in the villages and towns from 9 a. m. to 5:30 p. m. Under the law 6 o'clock, United States time, will really be 5 o'clock, sun time, and as the polls run under the rule of the nation rather than that of the sun, it means that election officers in Rhinelander will have to be on duty at what would ordinarily be known as 5 o'clock.

In the country it won't be so hard to get around at what was known as 8 o'clock for that is the middle of the day for the farmer anyhow.

The daylight saving plan will go into effect and be observed without the slightest disorganization or impairment of existing conditions. Trains will be run as usual and every feature of daily life into which the element of time enters will remain unchanged.

The plan's practicability and efficiency have been effectively demonstrated in 12 European countries. Advocates of the plan in presenting their case to congress explained that the following beneficial results would be achieved by the system:

"A great saving of illuminants, such as oil, gas and electric power; marked conservation of coal; increased manufacturing production as the result of improvement in working conditions; general benefits to the national health because of an additional hour of daylight which may be devoted to recreation; reduction in the cost of living to some who can raise garden truck for domestic consumption, and improvement of the training conditions for the fighting forces."

Easter Services

Sunday school at 10.

Morning worship at 11, with special music, Easter sermon and public reception of new members.

In the evening at 7:30 the young people of the Christian Endeavor society will give an Easter pageant, "The Immortality of Love and Service," in which forty young people will take part. The pageant begins with the Savior's triumphal entry into Jerusalem on Palm Sunday, tells of His rejection, death and burial, of the grief of his followers, and of the new hope that came to the three women at the tomb when they found that Christ was risen. Then in a beautiful tableau with music the truth is brought home that the love and service shown by Christ's friends on the first Easter are still very present in the world today—even in the midst of this terrible war. This beautiful pageant makes Easter real today. All are invited to come.

WILL PROSECUTE EX-CITY CLERK

Robertson Is Alleged To Have Obtained Nearly \$5,000 By Forgery

Robert G. Robertson, former city clerk, who is alleged to have stolen nearly five thousand dollars of city money during his time of office, will be prosecuted. This action was decided at a special meeting of the council Wednesday night after the committee, appointed to check-up the affairs in Robertson's office, had submitted their report.

Robertson's whereabouts are not known. It is said that he left the city shortly after his resignation nearly two weeks ago, and nothing has since been heard from him.

By forging city orders, or in other words, padding the city payroll, the former clerk is alleged to have secured \$4,931.66 of city funds, according to the investigating committee's report. The forgeries extended over a period of nearly three years and were in small amounts, ranging from \$11 to \$35.75.

Acting on a resolution introduced by Alderman W. H. Gilligan Jr., the council ordered City Attorney Reeves to at once institute prosecution of Robertson.

The city will ask Fidelity and Deposit Company of Maryland, in which Robertson was bonded, to make good their portion of the amount which he is held to have appropriated.

The Lever Principle.

In laying carpets and rugs, heavy furniture may be raised, with astonishing ease, by the use of a bed slat or something similar; a broom handle will answer for lightweight articles. Place one end of the slat under the furniture; put some solid object under that end. Then press down on the other end.

Early Day Buttons.

The ancients lacked buttons—one wonders, indeed, how they got along without them—but evidently they possessed studs of modern pattern, such as those with which we fasten our cuffs and collars. And, in truth, they did even have a kind of button (though not sewn on), which fastened garments with a pin and hook exactly in the way our brooches and clasp pins operate.—Exchange.

The Wisconsin Grange Co-operative Clearing House association in this city is located near the first Soo line viaduct. April 1 is the opening date.

He Gets Days of Comfort out of a pouch of Real GRAVELLY Chewing Plug

Real Gravelly Plug is such good tobacco (just enough sweetening to flavor), that a plug of Real Gravelly lasts much longer than an ordinary plug, and gives the comfort and satisfaction of good tobacco.

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to send. Send the best! Ordinary plug is false economy. It costs less per week to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravelly with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

ACCUMULATE BIG COAL RESERVE

The Antigo Journal says that the Chicago and Northwestern Railway has commenced the accumulation of a large reserve supply of operating coal in that city. It is estimated that about 30,000 tons will be stored. Ten to twelve cars are being received nearly every day, some coming in on nearly every freight train from the south. A big steam operated "clam-shell" is being used to unload and build up the stock piles. The reserve supply to be stored this year will be larger than that of last year as it will contain an amount in addition equivalent to what was stored at Eland last year. The location of a reserve there was found unsatisfactory. Were it not for the presence of a reserve here last winter it is doubtful if trains could have been operated for days at a time.

RESPONDENCY DUE TO CONSTIPATION

Women often become nervous and despondent. When this is due to constipation it is easily corrected by taking an occasional dose of Chamberlain's Tablets. These tablets are easy to take and pleasant in effect.

THE PNEUMONIA SEASON

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. EAGLE RIVER

(Eagle River Review)

One of the most exciting election contests that has taken place in Eagle River for years occurred Monday at the election for director of the joint high school district. M. Frankel was the winner over the opponent, Rev. G. H. Waters, by a vote of 140 to 105.

Mr. and Mrs. Oliver LaChance arrived last week from Racine to visit relatives at Conover and State Line, and also inform said relatives of their recent marriage. The groom is a son of Mr. and Mrs. P. LaChance of State Line, while his bride was formerly Miss Lulu Dussault, the daughter of John Dussault of Conover, and until a few years ago residents of Eagle River. A large circle of friends extend congratulations.

Quite a large delegation from Eagle River left Tuesday for extended visits in California, consisting of Mrs. Julius Schaffer going to San Francisco; Mrs. Alfred Morgan and son, also bound for Frisco to meet a brother, and T. Johnson going to Fresno to visit his daughters. All will be gone for several weeks.

Delbert McGregor returned from Great Lakes having received an honorable medical discharge from the Naval service owing to bad feet conditions. Del expects to re-enter again after a course of treatment expected to effect a cure of his disability.

A visit out to Radcliffe Bros., Sunday was an interesting one and disclosed what has been unknown to us that as one of the first moves in opening up this 840 acre farm, a large and thoroughly modern farm house, of colonial design, with furnace heat and complete water works system had been constructed, and now occupied by Art Radcliffe and family. Nearly every acre of the tract is level, with fine natural drainage, and all of a quality hard to beat in the state. Although it is the intention of the owners to devote the place to general farming and stock raising after getting it cleared and under cultivation, we could not help a terrifying thought, that of supposing the full 840 acres planted to potatoes with the 200 bushels to the acre yield common in Vilas county, and sold at last fall's prices of \$1.25 to \$1.50 right from the field, and then after the money was banked, the bank should bust.

STRAIN TOO GREAT

The hard work and stooping of workmen.

The woman's household cares. Often weaken the kidneys.

Backache, headache, dizziness, Kidney troubles, urinary troubles—frequently follow.

A Rhinelander citizen tells you what to do.

Oliver Johnson, 716 Wabash St., Rhinelander, says: "Some five years ago when I worked on the delivery wagon I was troubled with severe pains in my back. I believe it was caused from the continual getting on and off the wagon. My back felt pretty lame and sore. I always heard Doan's Kidney Pills were good so I bought a box and began using them and they helped me from the start. One box was sufficient to cure me. They relieved all the pain in my back and I haven't been troubled since."

It Cost the Average Family Less Than 10c Per Week for Packer's Profit in 1917.

The Meat Bill is one of the large items in the family budget but

less than 10 cents per week of it goes to the packer in profits.

In converting live stock into meat and getting it into the hands of the retail dealer, the packer performs a complex and essential service with the maximum of efficiency.

The above statement is based on Swift & Company's 1917 figures and Federal Census data:

Swift & Company's total output (Meat and by-products) - 5,570,000,000 Pounds

Swift & Company's total Profit - \$34,650,000.00

Profit per pound - .0062

U. S. Meat Consumption - 170 pounds per person per year

170 pounds at .0062 = \$1.05 per person per year

The average family 4 1/2 persons = \$4.72 per family per year

HAVE GARDENS IN SCHOOL BASEMENT

A number of the Training school girls became so taken up with farming that they have started gardens in the basement of the school. They enjoy this work very much and hope that it will be the means of helping Mr. Hoover.

The agricultural class has been doing some work in seed testing and found it very interesting as well as helpful in their future work as teachers.

A mothers' meeting will be held in the model department Friday afternoon.

Miss Tessie Miller was called to her home at Harrison last week on account of the death of her father. Her teachers and schoolmates joined in her sorrow by sending her a letter of condolence and a box of lilies.

A regular concert was given by the singing class Tuesday afternoon. Each member contributed a selection. All numbers were thoroughly enjoyed, being old favorites and well rendered. Mr. Boyce and Miss Calvert showed their appreciation by each favoring us with a selection.

Spring vacation begins next Monday and continues for one week. Plans are already being made for its enjoyment. Miss Calvert goes to her home at Benton, Wisconsin, while Miss Schofield visits her parents at Hancock.

Farmers, Attention!

The Government Is Begging You to Raise

Wheat

Wheat is very scarce still, but in order that we may send more flour to our Allies most of the meatless days have been cut out, so we can eat meat instead of wheat. Some varieties of wheat do not do well in this climate, but a number of Oneida county farmers have successfully raised wheat year after year.

We plan to have our flour mill in operation before fall, so there will be a sure market here

This appeal is not merely to our stockholders, but to every patriotic land owner in Oneida county. We have arranged with MR. JUDAY to handle all orders for seed at the lowest price obtainable, and we hope to secure orders for a carload. Please place your orders at once.

SOLDIERS' MAIL CLOGS SHIPPING

Unnecessary articles sent by relatives and friends to American soldiers overseas are taking up so much space both on ships and on the congested French railroads that drastic curtailment of the parcel post privilege to the fighters in France will be necessary unless the public co-operates in decreasing the volume of this class of mail.

The postoffice department, in making this announcement, said a transport reaching France this month carried, besides 751,980 letters, 335,840 pieces of parcel post and newspapers, the whole taking up 12,000 cubic feet of space although weighing only 121½ tons.

The parcel post packages and newspapers filled 19 French rail-

road cars and, as cars are badly needed in France for war purposes, mail frequently has to wait at French ports for several days before transportation is available.

An inspection of the contents of parcel post packages for the soldiers, the statement says, shows that two thirds of the articles are on General Pershing's canteen list and are sold the soldiers practically at wholesale prices.

Notice of Election

Office of City Clerk, March 26, 1918.
TO THE ELECTORS OF THE CITY OF RHINELANDER, WIS.:

Notice is hereby given that a Municipal Election is to be held in the several wards of the City of Rhinelander on the 2nd day of April, 1918, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office and under the appropriate party or other designation, each in its proper column.

INFORMATION TO VOTERS

The following instructions are given for the information and guidance of voters:

(a) A voter upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire alone to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for.

(b) If a voter wishes to vote for all the candidates nominated by any party he shall make a cross or other mark under the party designation printed at the top of the ballot in the circle made for that purpose. A ballot not marked and having no other mark will be counted for all the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased or a name be written in or a cross mark be placed in the square at the right of the name or names of candidates in another column. If the voter does not wish to vote for all the candidates nominated by one party, he shall mark his ballot by making a cross or mark in the square at the right of the name of the candidate for whom he intends to vote, or by inserting or writing in the name of the candidate.

(c) A voter may vote for an entire group of candidates for presidential electors by making a cross (X) or mark in the circle (O) under the party designation at the head of the party column, or he may vote for the candidates for presidential electors by making a cross (X) or mark in the square at the right of the name of each candidate for elector for whom he wishes to vote. If a voter does not wish to vote for any one or more candidates for presidential electors in the group, he may erase the name of such candidate or candidates and may write in the space provided there for, the name or names of the person or persons for whom he desires to vote, and the cross (X) or mark in the circle (O) at the head of the party column shall count as a vote for each of the candidates in such column. If a voter does not wish to vote for any candidates for president or vice president, or for any presidential electors, whose names appear upon the ballot, he may insert or write in the names of the candidates for president and vice president, and presidential electors to a number equal to the number of electors to be elected, in the appropriate spaces in the blank column at the right of the ballot.

(d) A voter may vote upon a question submitted to a vote of the people by making a cross (X) or mark in the space at the right of the answer which he intends to give.

(e) The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all shall be issued to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter.

(f) After it is marked it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place.

(g) A voter, who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking same, to be chosen by the voter; and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion, as to such person's disability.

(h) The following is a facsimile of the official ballot:

Sunday School at 10, prompt. The Men's class at the same time. Morning service at 11, when the pastor will preach the Easter sermon: "Life's Questionings." Epworth League at 6:45. Missionary Topic. In the evening at 7:30 the children of the Sunday School will give an Easter program. There will also be a reception service for new members.

You are cordially invited to worship with us this Easter-tide. Come in crowds! Why be glad at Easter.
1. Death is defeated; life is endless.
2. Enemies are harmless; the cross lifted Christ to glory.
3. Homeland reunions are ahead; fellowship is sweeter when final

separation is known to be impossible.
4. Love makes law keeping easy; the ten commandments become measuring rules.
5. Christ's power can conquer every sin; troubled Thomas, persecuting Paul, passionate Peter, outcast Mary, all found peaceful pardon.

NAME NOT ON BALLOT

The probability is that the Prohibition party will not be represented on the United States senatorial ballot. Although A. J. Benjamin of Milwaukee, was a candidate for the position, not a sufficient number of names was filed and his name was dropped from the primary ballot. Then the Prohibition party started a movement to have his name written on the ballot. It requires seventy-five names to get the name on the ticket. With only twelve counties in the state to make returns to the secretary of state, only 28 votes have been cast for Mr. Benjamin. Secretary of State Merin Hull is doubtful whether a sufficient number of names will be received.

VINOL CREATES STRENGTH
Positive—Convincing Proof
It is all very well to make claims, but can they be proven? We publish the formula of Vinol to prove the statements we make about it.
Cod Liver and Beef Peptides, Iron and Manganese Peptides, Iodine and Ammonium Citrate, Lime and Soda Glycophosphates, Casein.
Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.
All weak, run-down, overworked nervous men and women may prove this at our expense.
There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.
Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection.

FOOD RULES
Because there has been much misunderstanding in regard to meatless and wheatless days, a schedule has been prepared for the information of housewives. Every Tuesday is a meatless day, and besides, there should be one meatless meal each day. Mondays and Wednesdays are wheatless days, and, besides, there should be a wheatless meal each day.
At meatless meals no beef or pork may be served. Preserved meats, beef and bacon are included in the prohibition, and so is lard. No wheat products of any kind whatsoever are to be eaten on wheatless days.
It is desired that every person in the United States conform to the schedule and observe it rigidly.
Generally speaking, the public is urged to use foods that may not be exported. The regulations must be observed in every home, hotel, restaurant and lunch room.

CONDITIONS IN GERMANY BAD
The last issue of the Ironwood Times contained the following letter which gives a good idea of the conditions prevailing at least in a part of Germany as well as in the German army. This letter was received by Frank Jasaczak of Ironwood, from his brother, who is a prisoner of war in France. As will be noted in the letter, he has two brothers serving in the German army. The letter follows:
January, 18, 1918.
My dear brother and sister-in-law:
Just a few lines to wish you the best of health. Dear brother, I am notifying you that I received your package today, for which I thank you a thousand times. It was a great surprise to me, for I had not received a letter from you for a long time. In the package I found a suit of underwear, two pairs of socks and six handkerchiefs. I do not know how long it has been on the way, as all the stamps were lost.
Father has written me that Bernard, our brother, has been home on a furlough for fourteen days, and that Ignatz had a furlough of ten days. He also states that Bernard is to cook in the German army and that he looks fairly well, but Ignatz, who is serving in the regular army, looks very poor, as the German army is fed very poorly. Father claims this is no war, but murder and starvation. He says:
"In this war there are twenty-one boys under seventeen years of age from our village, who have been killed. I have had a boy working for me on my farm and he, too, is drafted, and I have so much work to do and I cannot get any help. Eatables here are so high and scarce that one cannot buy anything."
Where I am there are forty thousand Polish prisoners captured from the German army by the French, and we all want to enlist with the Polish and fight for the Polish cause with the allies.
Your loving brother.

PROCLAMATION.
Order by the Governor for Special Election.
WHEREAS, a vacancy exists in the office of Senator in the Congress of the United States from the State of Wisconsin, occasioned by the death of Hon. Paul O. Hustung on the twenty-first day of October, A. D. 1917, whose term of office would have expired on the fourth day of March A. D. 1921.
NOW THEREFORE, I, Emanuel L. Philipp, as Governor of the State of Wisconsin, by virtue of authority in me vested and to the statute in such case provided, do hereby order that a special election be held throughout the State of Wisconsin on Tuesday, the second day of April, A. D. 1918, to fill the vacancy in the office of Wisconsin, occasioned by the death of Hon. Paul O. Hustung, whose term of office would have expired on the fourth day of March, A. D. 1921, said election to be conducted, the votes canvassed, and the returns made according to law.
IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Wisconsin to be affixed. Done at the Capitol, in the City of Madison, this twenty-second day of February, A. D. 1918.
EMANUEL L. PHILIPP,
Governor.

Lieut. Deptalo Is Very Successful In Securing Recruits For France

Fourteen young Polish men, who have enlisted in the Polish Legion for service in France, departed from Rhinelander Monday for Stevens Point, from which city they will go to the training quarters at Niagara-On-The-Lake. These volunteers were recruited in this city and county by Lieutenant John Deptalo of the Polish Legion recruiting station in Stevens Point.

In addition to the enlistment of these men five young ladies have volunteered their services as Red Cross nurses with the Polish Legion. They will leave for duty some time within the coming month.

Polish people of Rhinelander and Oneida county have responded loyally to the aid of their kin across the sea. Aside from furnishing a large number of recruits nearly five hundred dollars has been donated here to the cause.

Lieut. Deptalo gave an inspiring patriotic talk at St. Joseph's church Sunday which was heard by a large number of people. The young officer is an eloquent speaker and possesses rare descriptive power. He has participated in real fighting in the trenches and was once injured while in action. It is his intention to return here within six weeks for further recruiting work.

APRIL 1 LAST DAY FOR FEDERAL RETURNS

Penalties for Income Dodgers Are Severe—Get Your Return in if You Are Liable.

April 1, 1918, is the final day allowed under the federal income tax law for the filing of federal income tax returns. Persons who are required to file returns under the provisions of law and who fail to get their returns in on time are subject to severe penalties, as follows:

For making false or fraudulent return, not exceeding \$2,000 or not exceeding one year's imprisonment, or both, in the discretion of the court, and, in addition, 100 per cent. of the tax evaded.

For failing to make return on time, not less than \$20 nor more than \$1,000, and, in addition, 50 per cent. of the amount of tax due.

If on account of illness or absence from home you are unable to render your return within the time prescribed by law you may obtain an extension of 30 days if a request therefor is filed with the collector of your district before the due date of the return. In this request you must state the reason why the return cannot be filed within the time prescribed by law.

Collectors of internal revenue are not authorized to grant extensions of more than 30 days, but the commissioner of internal revenue has authority to grant a reasonable extension beyond 30 days in meritorious cases. If you desire an extension of more than 30 days your request should be addressed to the commissioner and should contain a detailed statement covering the reasons which make it impossible for you to file your return on or before April 1.

The internal revenue men are now completing their tour of the country, during which they were in touch with the people of every city and town. If you failed to get in touch with the deputy which visited your section it is not too late to get advice. Consult your postmaster as to where the nearest deputy is now. Get your blank form, study the directions and the requirements as shown thereon and make your return without fail if your income was sufficient to come within the bounds named in the law.

It is pointed out by Commissioner Roper that it is important that the people comply with the federal laws as fully as they are complying with the drafts for men and the conservation of foods and fuel. "The war must be paid for," says Commissioner Roper. "Congress has as much right to conscript a just portion of income as it has to conscript our boys. The tax for 1917 is designed to reach moderate as well as large incomes, so that all persons who are in financial position to bear a portion of the heavy government expenses can be assessed in proportion to their ability to pay."

"The man who is barely making a living or barely supporting a family is not affected by the 1917 law. But the man who is able to bear a share of the burden has been reached by the new law, and he should accept his responsibility in the same patriotic spirit that our young men have shown in offering themselves for this great purpose of the country to make the world safe for people of all kinds to live in and to govern themselves."

This tax is one which recognizes women as on an equal basis with men. The unmarried woman or the married woman with a salary must make tax return just the same as any man. Only the woman supporting her mother or other members of her family may take out \$2,000 exemption.

Under the law the head of the family is the one whose earning power contributes to the family's support.

Similarly a widow with small children to support can take out \$2,000 exemption and \$500 additional exemption for each of her children under eighteen. Thus it is intended that the law shall work no hardship to women having to struggle to get along. But each must file return if her income is \$1,000.

A man whose wife dies and who is left with small children to support upon a moderate income may also take full exemption under the new tax law and also claim \$500 exemption for each of his children under eighteen.

The widower under the law is a single man and must make tax return accordingly. Married men need not file returns unless they are earning \$2,000 or more.

"This is as much a national obligation as the reporting for duty of a man drafted for service with the colors," says D. C. Roper, commissioner of internal revenue. "As it stands, it is much a matter of the man or woman's own conscience. It is for him or for her to determine just how far he is liable to the tax. He must figure his own income and if it reaches the figures named in the law must make faithful report upon it to the proper authority."

"This tax is distinctly a war measure and will be in effect during the war."

"This is a people's tax—it reaches right down into the pockets of the small wage earner; it makes him a partner in the job of winning the war."
